

KATUNDU

LIKOMA ISLAND - MALAWI

katundu designs capture the pattern & rhythm hidden deep in the african soul.

with a contemporary edge, ethical production is combined with innovative, inspiring designs and an emphasis on quality.

raw and natural beads made from wood, coconut, shell, ostrich shell & bone are hand stitched onto heavy weight linen. colours range from rich chocolate, hessian & stone to calm lakeshore blues to bold vibrant brights. items in the collection include cushion covers, wall hangings, throws, table runners, table mats, napkins & accessories.

hand crafted in malawi, the warm heart of africa, by single mothers selected from the local orphan program – creating employment, empowerment and independency in an area where jobs are scarce.
